PROFESSIONAL SUMMARY

Agricultural Engineering graduate with practical experience in GIS, Remote Sensing, and geospatial data analysis. Skilled in Google Earth Engine (GEE), QGIS, satellite image processing, land use land cover (LULC) classification, groundwater assessment, soil erosion analysis, watershed management, and environmental monitoring. Completed a 20-week GIS & Remote Sensing internship at Albedo Foundation, Nashik. Interested in opportunities related to GIS, Remote Sensing, Water Resources, Watershed Management, and Geospatial Analytics.

EDUCATION

Bachelor of Technology (B. Tech) – Agricultural Engineering

Dr. D. Y. Patil College of Agricultural Engineering & Technology, Kolhapur

2022 – 2026

TECHNICAL SKILLS

GIS | Remote Sensing | Google Earth Engine (GEE) | QGIS | ArcGIS (Basic) | Spatial Analysis | Geospatial Analysis | GIS Mapping | Satellite Image Processing | Land Use Land Cover (LULC) Classification | NDVI Analysis | Watershed Management | Soil & Water Conservation | Groundwater Assessment | Hydrology | Environmental Monitoring | Raster & Vector Processing | Python (Basic) | Microsoft Excel | Technical Reporting

INTERNSHIP EXPERIENCE

GIS & Remote Sensing Intern | Albedo Foundation, Nashik

May 2025 – November 2025

- Assisted in GIS and Remote Sensing projects involving watershed management, groundwater assessment, land use land cover (LULC) mapping, and environmental monitoring using Google Earth Engine and QGIS.
- Processed satellite imagery, prepared thematic maps, performed spatial analysis, and supported technical documentation for natural resource management and geospatial projects.

PROJECTS

Groundwater Stress Zone Mapping using GRACE Data

- Analysed GRACE satellite datasets using Google Earth Engine and QGIS.
- Generated groundwater stress zone maps to support water resource assessment and planning.

Land Use Land Cover (LULC) Classification

- Performed Sentinel-2 based LULC classification using geospatial analysis techniques.
- Conducted NDVI analysis to assess vegetation conditions and land cover changes.

CERTIFICATIONS

- GIS & Remote Sensing Internship Certificate – Albedo Foundation, Nashik
